Proposal for Extension

of Contract [redacted] 25X1

P.I. Performance

This is a proposal to extend the scope of Contract [redacted] 25X1 for the purpose of conducting additional research on the training requirements for photo intelligence personnel. The proposal was initiated because of an awareness of new image interpretation requirements.

25X1 Specifically, [redacted] proposes:

1. To assist in defining the training requirements for photo intelligence personnel assigned to perform their duties in an airborne environment. The relevant operational parameters will be studied in an effort to determine the kind and amount of training required to ensure optimum performance under various airborne conditions.

2. To develop a preliminary outline of a training program based upon the definition and study described in paragraph one.

It is assumed that the Technical Representative of the Contracting Officer will furnish guidance and that personnel of the Contracting Agency would be available for consultation.

The work would be done by [redacted] 25X1

25X1 [redacted] both are Senior Scientists at [redacted] 25X1

The work would be performed during the period from 1 November 1962 to [redacted]
